

“Every vote I cast will be filtered through the U.S Constitution.”

I believe in the founding principles of government, as embodied in the U.S. Constitution. The Federal government has usurped many of the rights and responsibilities of the States and the Executive branch has assumed too many of the powers of Congress granted to it in the Constitution. These dangerous precedents lay the groundwork for future abuses of power that will further erode our civil liberties, expand global entanglements, plunder our tax dollars, and perpetuate the climate of corruption in Washington.

Vote for Bob Conley – U.S. Senate

	Bob Conley (D)	Lindsey Graham (R)
Trade	Against trade agreements that send our good jobs overseas, making us dependent on foreign countries, and transferring our wealth around the world.	Continually supports legislation that sends our jobs to places like Oman, Peru, Ukraine, Central America, and the Dominican Republic.
Economy	Against Washington bailouts of billionaire bankers on Wall Street.	Voted for the legislation that created the current crisis; then increased the federal debt by almost 10% last month when he voted to give \$700 billion to Wall Street.
Jobs	Foreigners should not be imported to take our jobs. South Carolina has the highest unemployment in 15 years. We need America First policies that protect our jobs, just like other countries do with us.	Voted against American workers eight times since the beginning of last year by increasing the number of foreigners who enter the country to take American jobs. This is the worst record in Congress.
Illegal Immigration	Taxpayers must not be forced to pay the costs associated with illegal immigration. It is time for illegal aliens to go home. There should be no amnesty.	Led the fight against American workers and taxpayers last year when he tried to give amnesty to tens of millions of illegal aliens.

Bob Conley (D)**Lindsey Graham (R)****Security**

Defend our southern border against drug smugglers, fleeing criminals, terrorists, and incursions by Mexican military and paramilitary units.

Wants to use taxpayer dollars to send our soldiers to defend the borders of other nations, including Iraq against Iran and Georgia against Russia.

Life

100% pro-life – no exceptions.

Has supported numerous bills that have given more than \$1 billion of taxpayer money to the largest abortion chains in the world, including Planned Parenthood.

Second Amendment

Life Member of Gun Owners of America, Life Member of the NRA, and Member of GrassRoots South Carolina. Honored to have received an A rating from Gun Owners of America.

Supported the Veterans' Disarmament Bill last year, whereby thousands of American veterans lost their Second Amendment rights.

Military

Wants to provide better pay and benefits for our military personnel and families, especially healthcare for veterans injured in battle.

Voted against this year's pay increase for our brave men and women in uniform.

Veterans

Wants to treat our veterans better.

Opposed the 21st Century GI Bill that would have provided better educational benefits for veterans.

Open Door Policy

An open door policy will provide the excellent constituent services South Carolinians enjoyed under former Senators Thurmond and Hollings. Bob will stand up for South Carolinians, not call them bigots and tell them to shut up.

When speaking to the radical and racist Mexican group La Raza, called those who opposed his attempt to give amnesty to illegal aliens "bigots," and told them to "shut up."

Out of Touch

A commercial pilot, a professional engineer, and a flight instructor – not a career politician. Running at great personal sacrifice so we can get our country back on the right track.

A lawyer who does the bidding for large, powerful, and wealthy special interests. Rarely comes home to South Carolina; inaccessible, calls us names, and represents the Washington elite. Exhibits contempt for the people of South Carolina.

Marriage

Believes in traditional definition: one man and one woman. Protecting marriage is best done at the federal level legislatively by passing the Marriage Protection Act as was sponsored by John Hostettler in the 108th Congress. Constitutional Amendment is not necessary – simply strip the federal courts of appellate jurisdiction over the Defense of Marriage Act, signed into law by President Clinton, and supported by the Palmetto State's most recent Democrat US Senator, Fritz Hollings.

Failed to sponsor a companion bill to Hostettler's HR 3313 in the 108th Congress, which passed the House 233-194, with 27 Democrat Members supporting it. Has claimed the only way to protect marriage is via Constitutional Amendment, which is not only unachievable, but also unnecessary and undesirable.
